

## Mission Statement

As a part of World Piano Teachers Association, World Piano Teachers Association France strives to promote the excellence of musicianship of piano teachers in France. WPTA France builds network of piano teachers to work together to contribute to the music world. The association focuses on three main aspects; performance, education and research.

1. Performance: to develop and promote excellence of pianists/teachers through annual competitions and concerts.
2. Education: to discuss methodology and pedagogical issues in educating future generations as well as reach-out to the community.
3. Research: to actively involved in researches to offer new and innovative perspectives on piano music and special emphasis on French piano music.

WPTA France welcomes and look forward to work with great musicians and build a better world through music.
